Who We Are

Facility Services is an organization within the Facilities Group that provides repair, maintenance services, and support for Publix retail stores, offices, and warehouses.

The primary responsibilities of Facility Services include the management, repair, and maintenance of store equipment; as well as emergency repairs and maintenance for Publix facilities.

These responsibilities are managed internally within Publix, wherever feasible, or outsourced externally through qualified service suppliers.

Our Mission

The Publix mission is to be the premier quality food retailer in the world. We are passionately focused on customer value and relentless in our pursuit of continuous quality improvement. We expect the same high standards of quality and accountability from the suppliers we do business with.

What We Do

Facility Services provides the following services and support functions for Publix retail stores, offices, and warehouse facilities:

- Facilities Maintenance
- Refrigeration
- Landscape Services
- Paint and Décor
- Production
- Remanufacturing
- Warehousing

Facilities Maintenance

The Maintenance Team is responsible for:

- Maintaining equipment at retail stores, offices, and warehouses.
- Repairing and maintaining the structural facilities.
